[A Few Words about Walking](#)

My grandpa started walking five miles a day when he was 60.

Now he's 97 years old and we don't know where he is.

I like long walks, especially when they are taken by people who annoy me.

The only reason I would take up walking is so that I could hear heavy breathing again.

I have to walk early in the morning, before my brain figures out what I'm doing..

Every time I hear the dirty word 'exercise', I wash my mouth out with chocolate.

I do have flabby thighs, but fortunately my stomach covers them.

If you are going to try cross-country skiing, start with a small country.

I know I got a lot of exercise the last few years,.....just getting over the hill.

We all get heavier as we get older, because there's a lot more information in our heads.

Every time I start thinking too much about how I look, I just find a Happy Hour and by the time I leave, I look just fine.
